

AFRICA AND MIDDLE EAST CAPITAL MARKETS

AFRICA AND MIDDLE EAST CAPITAL MARKETS

This book critically illustrates the ever-growing importance of the emerging markets of Africa and the Middle East to the world. It also reports, in a clear and insightful fashion, the progression of the capital market within each country in these regions. Above all, it communicates the pivotal role played today by Regulators in what is undoubtedly a historic time in the transformative evolution of capital markets globally, which are getting more interconnected at an ever greater pace.
