## RESPONSIBILITIES

- Receive briefs from clients and account handlers for various print and multi-media design.
- Create a design that fits the budget in the given timescale.
- I take all my designs from artworking stage to print, dealing with suppliers and clients in the process.
- I have worked in various areas of design including exhibition, marketing and PR.
- I mainly work on printed material such as brochures, newsletters and publications, marketing, packaging and websites.
- I have worked mostly by myself as the only designer for companies but also gained some valuable team experience when working Maritz.
- I am good at managing my own time and have excellent organisational skills as I usually have more than one job going at any given time and work to very tight deadlines.
- I try and keep my Mac skills up to date, so that my technical ability does not limit my creativity.
