Professional Experiences

Studio Egret West, London.
June 2014 - April 2015
Architectural Assistant part II

Part of the design team for the winning **mixed-use masterplan proposal** for Eastwick Sweet Water: 1,500 new homes, with up to 30 per cent affordable and 500 private homes to rent on Queen Elizabeth Olympic Park.

Studio Egret West are the joint masterplanners with Sheppard Robson.
My role in the project was:

- ♦ The Architectural design of three residential blocks, 80 units each.
- ♦ The design of presentations Layouts for the client.

Part of the design team to submit, on behalf of Anderson Group, a **planning application** to the London Borough of Bexley for the transformation of Erith Quarry. The plans provide up to 600 homes, a three-form entry primary school due to open in September 2017, and space for business or community facilities. I was involved in the project with the task to develop:

- ♦ The Architectural design of the typical residential block with up to 45 **Lifetime Homes**.
- ♦ The desing of presentations Layouts for the clients.

Dorte Mandrup Architects, Copenhagen (DK).
January 2013 - January 2014
Architectural Assistant part II

Part of the design teams, developing competition projects for educational, housing and cultural buildings.

- ♦ Kindergarten in Bryne, as an extension of Vitengarten Museum, Norway
- ♦ A new school in Koln, Germany
- ♦ Holbæk Arena Sports Complex, Holbæk, Denmark
- ♦ Køge Kulturhus, Køge, Denmark
- ♦ The new Kiruna town hall, Sweden
- ♦ Recycling Socialism. A proposal for TAB 2013, the Tallinn Architecture Biennale

At Dorte Mandrup practice I was involved from the early stages of concepts to **1:20 scale detailed drawings** and **physical models** to deliver high profile **competition proposals**. I was the **curator** of Dorte Mandrup's participation to the Tallinn Architecture Biennale TAB 2013.

Studio Camporini Schiavi Associati, Venice (IT).
March 2008 - October 2008
Internship

Part of the design team for the urban regeneration of Tolmezzo (IT).
I was involved in the project to design:

- ♦ The plan of the new pedestrian and drivable viability.
- ♦ The new public main square.
