

**WANTED**

**SHARP-SHOOTING**

**FREELANCE**

**DESIGNER &**

**ARTWORKER**

**ANSWERS TO THE NAME**

**JAMES • FINBOW**

# CURRICULUM VITAE

James was born in the searing summer of '81 and has since established himself as gunslinger to the agencies. Over the years he has ambushed numerous clients in many sectors, including Africa Alive!, Banham Zoo, Bayer, Beat, Big-3, Celotex, Chapelfield, Dinosaur Adventure Park, Dipples, Earth From The Air, Godfrey DIY, Great Yarmouth College, Heritage Manor, Lynn Museum, Mag, Norfolk County Council, Norwich Union, Norwich International Airport, SportsPark, Town & Country, University of East Anglia and Van Dal to name just a few!

He specializes in the designing and artworking of retail ads, brochures, packaging, direct marketing material, posters, flyers, bus sides and rears, exhibition stands and banners, beer mats, stationery, corporate identities and presentations. This outlaw is highly experienced in typography, photo re-touching, marketing and advertising and his trusty shooters are Photoshop, Illustrator, QuarkXPress and InDesign.

He's been described by many people as an extremely thorough and hard-working individual, though he's also very sociable and friendly. Don't be fooled though, behind this lies a bandit who likes to have a giggle as much as anybody. If you would like to know what this man is capable of, please refer to either Kim Woodrow, Creative Director at The Works or Louise Amies, Production Manager at The Works on 01603 761500.
